- **A SAFE ENVIRONMENT**.....to provide a learning environment where students feel safe, supported, and challenged.

4. Description of our school community

Papanui High School is one of Christchurch's larger, state, coeducational secondary schools. With a current roll of about 1550, it services a community that is predominantly European but with significant groups from other ethnicities. The school roll reflects the community's ethnic mix and is 68% European, 15% Maori, 4% Pasifika, 11% Asian, and 2% made up of other ethnicities.

Located in North West Christchurch, Papanui High School draws its students from the areas of Belfast, Bishopdale, Bryndwr, Casebrook, Harewood, Merivale, Northwood, Northcote, Papanui, Redwood, Regents Park and St Albans.

That community is comprised of a range of socio-economic groupings and this is reflected in the school's decile rating of seven.

Access to and around the city is easy with Christchurch International Airport and the University of Canterbury all within 10 minutes of the school. Major bus services connect the school with wider Christchurch.

The North West Christchurch area is set to expand as there are large sub-division developments on the Northern and Western part of the school's zone. The school experienced a small roll drop following the earthquakes, with numbers stabilising over the last 4 years. Current roll is down on 2016 due to smaller cohort from our major contributing school. Growth is expected slowly increase over the next five years, which is a reflection on the Christchurch rebuild and the development of new sub-divisions.

Papanui High School sits at the heart of the Papanui area. On its Eastern boundary is the large urban shopping mall of 'Northlands', on its Western boundary is a large, light industrial area, to the South sits the Papanui commercial centre and on its Northern boundary, sport and recreational grounds and residential properties.

The school is proud of being a community school which works with and for its local community. Links are well established with local organisations such as the Graham Condon Recreation Centre, Christchurch City Council Service Centre, the local medical centre, commercial interests (especially the Northlands Mall), the Papanui Library, and the various social agencies in the area. There is also considerable interaction with the community through the day school activities and the adult community education classes which service the greater Christchurch area. Parents, caregivers and volunteers are involved in many facets of school life and there is a strong parent/teacher association.

Partnerships with the Northlands Mall, the City Council, the Papanui Foundation and Toshiba International/Business Distributors Ltd (BDL) have gained considerable benefits for the school in terms of sponsorship, ICT, and property developments.

5. National Administrative Guidelines (N.A.Gs)

Underpinning this Charter are the 10 general National Education Goals as set out by the Government in 1995. In order to facilitate our achievement of these goals Papanui High School will follow the National Administration Guidelines (NAG's).

6. Cultural Diversity

The school will recognise and foster an appreciation of the cultural diversity in our school's national and global community by:

- Developing strategies that will enhance Maori and Pasifika student potential for high academic achievement and personal success.
- Developing strategies that will enhance the potential for high academic achievement and personal success for students from Asian countries.
- Celebrating and enjoying all forms of diversity in our school, nationally, and internationally. This includes cultural, gender, intellectual and physical difference
- Promoting attitudes based around understanding, tolerance and knowledge of differences, valuing others' heritage, culture and people.

The school will recognise cultural diversity of Maori by:

- Providing Te Reo Maori programmes at all levels. The school will ensure that the curriculum in all subjects incorporates a Maori dimension. The school will assist parents who wish their students to be educated through the medium of Te Reo Maori, to find appropriate pathways.
- Working in an inclusive way to meet obligations under the Treaty of Waitangi and the Memorandum of Understanding with Ngai Tahu. Ongoing relationships will be developed with Te Ngai Tuahuriri Runanga inc., Te Runanga Ki Otautahi O Ngai Tahu, and Nga Maata Waka.
- Incorporating Tikanga Maori into the daily running of the school through the use of powhiri, Te Reo, kapa haka, and the development of the whare as a focal point for the school.
- Working closely and developing ongoing relationships with the whanau of the school's students.

7. Codes of Conduct.

Effective governance and management is a successful blend of community involvement and professional competence.

The Board of Trustees

The Board of Trustees agrees to the following Code of Conduct

1. Ensure that the needs of students and their learning are given full consideration when planning, resourcing and implementing the School's curriculum.
2. Ensure that all students are provided with an education which represents their individuality and which challenges them to reach the highest standards of personal achievement.
3. Serve their school and their community to the best of their ability and be honest, reliable, trustworthy, loyal and fair.
4. Deal fairly with staff, the principal, caregivers and students.
5. Maintain the confidentiality and trust vested in them.
6. Ensure strict confidentiality of papers and information related to the Board's position as employer.
7. Ensure that individual trustees do not act independently of the Board and its decisions.
8. Accept that the Principal is the professional leader of the school and is responsible to the Board.

The Principal

In carrying out his or her duties the Principal will:

1. Ensure that the needs of the students and their learning are given full consideration in planning, resourcing and implementing the school's curriculum.
2. Attempt to the best of his or her ability, to demonstrate each student is of equal value and is entitled to an education which respects their individuality and challenges them to reach their highest standards of personal achievement.
3. Be loyal to the Charter and fully committed to achieving its purpose, aims and objectives.
4. Deal fairly with staff members and the Board of Trustees, caregivers, and students and show a commitment to the continuing development of the staff's professional skills.
5. Work cooperatively with school staff but take final responsibility for decisions within the Principal's authority as delegated by the board.

6. Provide all information on a student to any person with legal rights to the information who requests it, and respect confidentiality by keeping information on students from people who have no right to it.
7. Not vote in Board of Trustees decisions in relation to the Principal's employment.

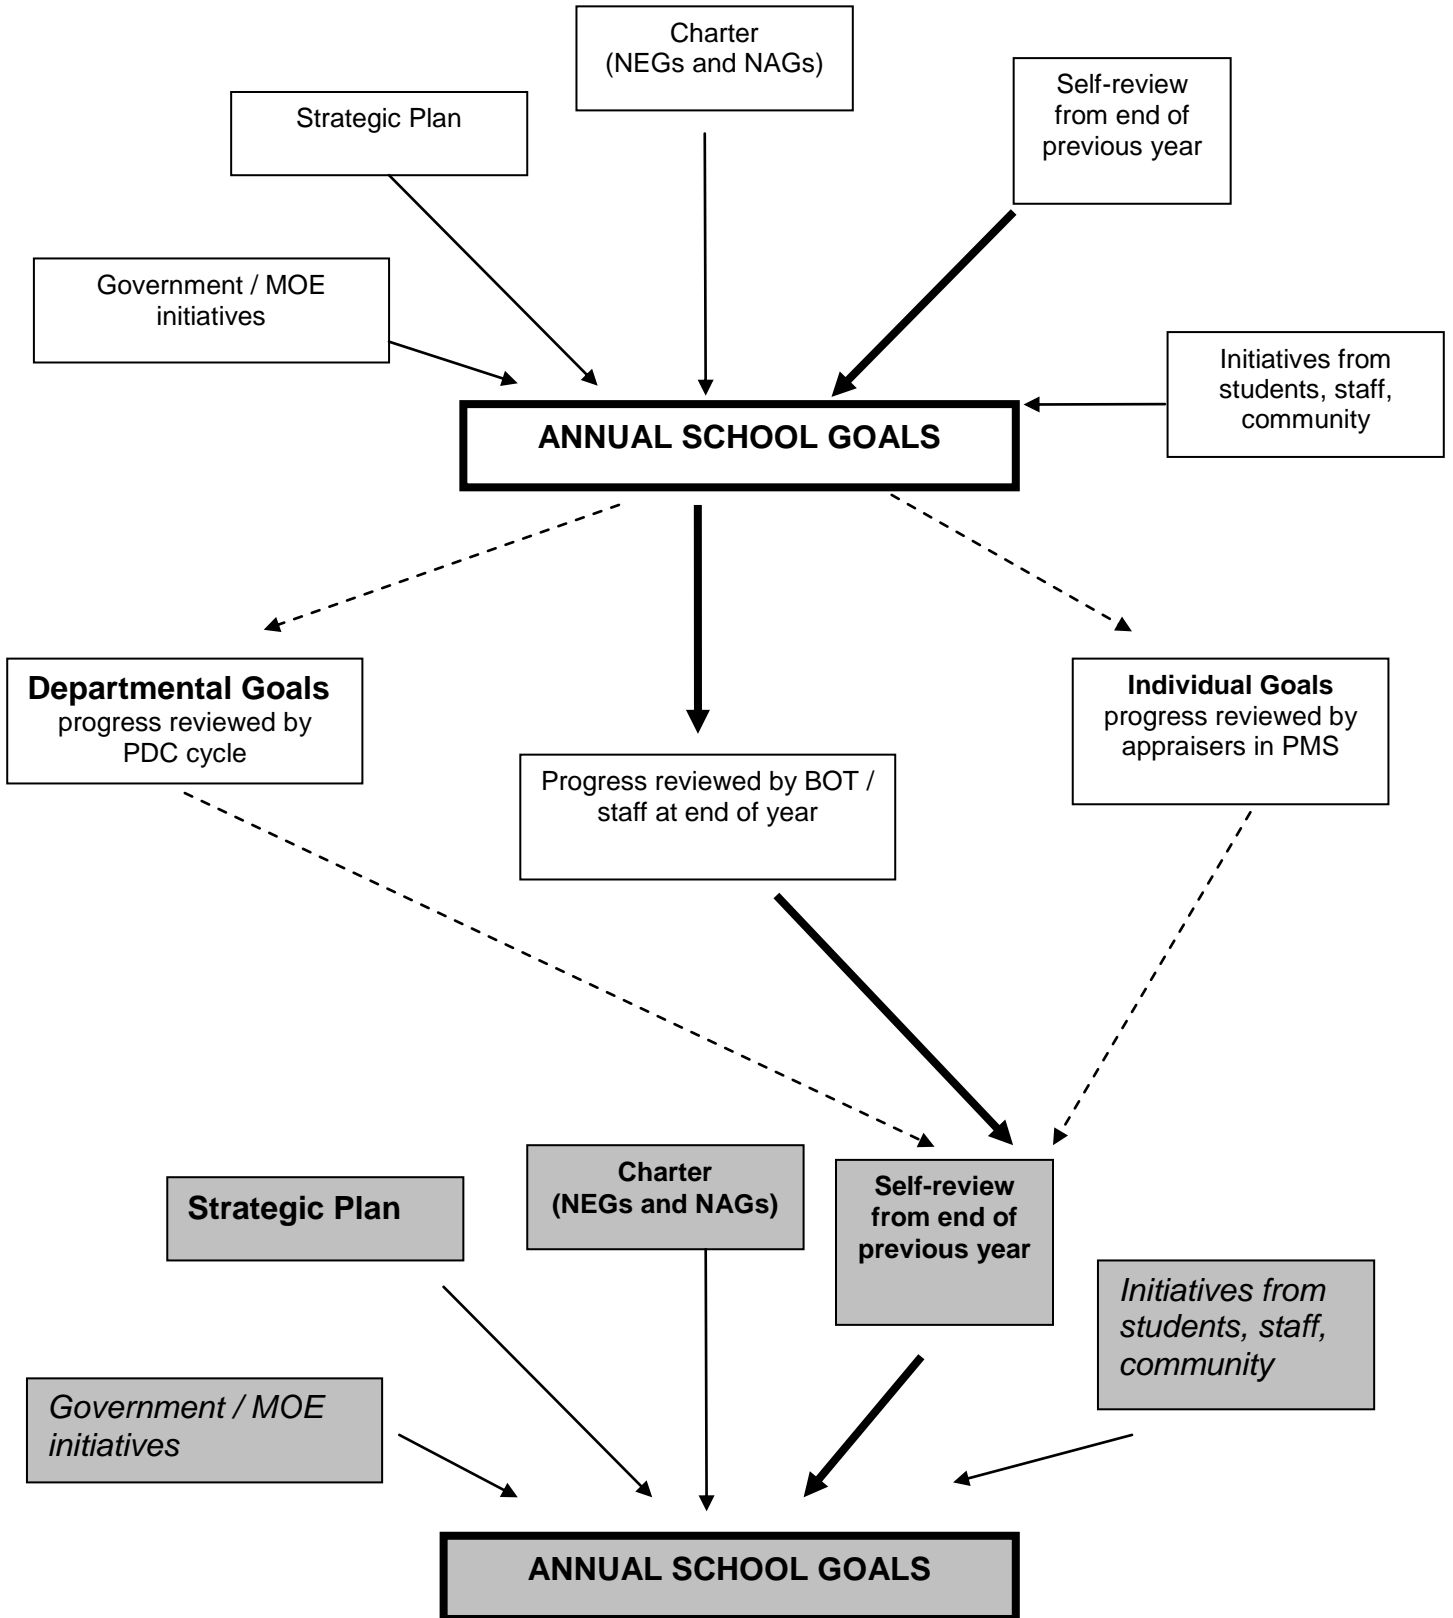

8. Self Review as the basis for Planning and Reporting

There will be a strong culture of self review and constant improvement at Papanui High School. The bases for self review will be:

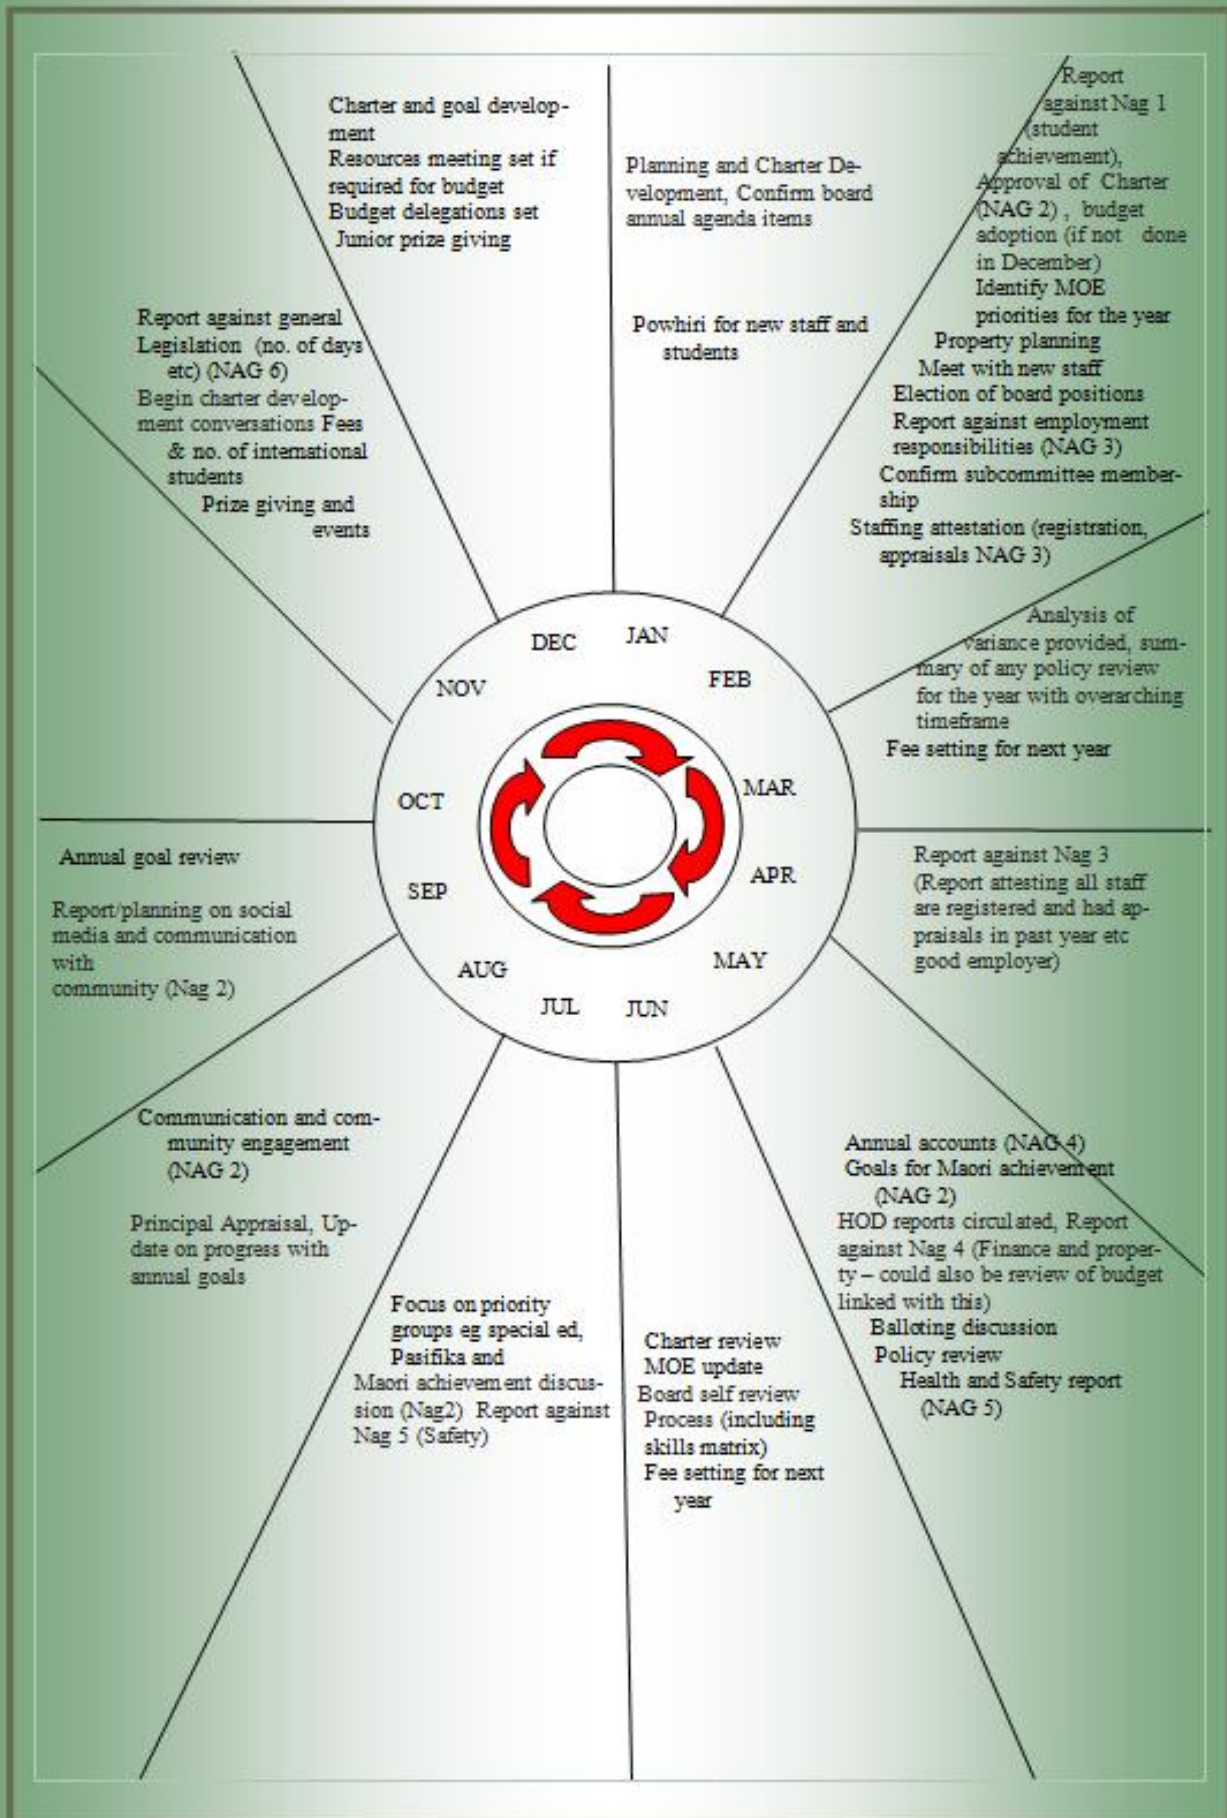

- Annual school wide goals and specific targets
- Annual Departmental Goals
- Head Of Department Annual Reports
- Staff Leadership Teams
- Data gathering surveys: CEM Survey, Perception Survey, etc
- Principal's Reports to monthly Board meetings
- Departmental management documents
- Charter/Strategic Plan
- Data generated from student achievement in NCEA/Junior curriculum levels
- BOT Policy and Review Committee
- ERO visits
- Staff Performance Appraisal
- Consultation with school's community

PHS Strategic Overview 2017-2019

Increased Engagement for Learning

Strategic Direction
2016 - 2018

PAPANUI HIGH SCHOOL – RECENT BACKGROUND

The strength of Papanui High School is its shared vision and commitment to supporting students' learning, progress, achievement and wellbeing.

The last ten years of self-review has seen a continuous cycle of improvement. The Education Review Office (ERO) reports, NCEA results, roll growth, community and staff perception over this time are all testament to this.

“The school highly values and promotes sustained improvement through ongoing reflection, review and innovation. Positive relationships and an ethos of caring contribute to a culture of inclusion and high expectations. Students experience a broad curriculum within and beyond the school. Over time, student achievement is continuing to improve. The wellbeing, engagement and learning progress of students remain high priorities for the board, leaders and staff”. (ERO 2014)

Over the last 5 years NCEA results have shown consistent and significant improvement across all levels including the attainment of Merit, Excellence and Endorsements. This is supported by such things as Academic Counseling, Engagement Reports, Real Time reporting, Curriculum Innovation and Design, links with external providers, working with Ministry of Education (MOE) achievement and engagement initiatives together with a culture of high expectations, an inclusive learning environment and embedded positive relationships between staff and students have contributed to these improved outcomes.

The breadth of learning has been substantially increased through the school's co-curricular programmes. Students can choose from well-developed programmes in music, the arts, cultural pursuits, sport and outdoor education. These programmes are further enhanced by the access students have to high quality on-site facilities that have been developed in partnership with the local community. The school is proud of the many local and national awards that students have received through their involvement in these activities.

Teachers are well supported through targeted professional learning and development that focuses on student learning and well-being, and how each student can be best supported to succeed. Targeted data analysis is critical to identifying and understanding specific needs within the school, including priority learners and is used to make informed decisions to ensure a culture of continuous improvement.

The school has a well-established communication network which delivers relevant and up to date information. The Board of Trustees and the Parent Teacher Association work positively to support the school and are a significant component of the collaborative approach to the analysis and use of achievement information for self-review.

The school operates a well-established distributed leadership model which effectively supports the management of change, succession planning and sustainability. The delivery of effective pedagogy continues to drive the culture of teaching and learning to ensure that value is added to each student's holistic learning and that they leave Papanui High School appropriately prepared for employment, training or further study.

NOTE: 2011 – Start of Curriculum alignment

2011 – Earthquake derived grades

Scholarships: 2016 – 1 Outstanding Scholarship and 2 Scholarships were awarded.

2016 Data not finalised by NZQA and will all potentially increase very slightly.

NCEA results continue to be very positive, with a continuation of improved outcomes for students. Of significant note is the achievement rate for level 1 and 2, with the last three years showing that greater than 80% of our student are passing NCEA. Level 1 literacy and numeracy has now been consistently above the national average for the past ten years. Our students continue to do well in achieving Merit and Excellence endorsements with the results showing that increasingly students are experiencing and striving for greater success. Students have been strongly encouraged to strive for personal excellence. This is supported by school wide involvement in academic

	<p>counseling, which has proved to be a very positive process with staff, students and parents/caregivers. Academic Counseling is being used to support goal setting, mentoring and the monitoring of student progress. Part of the Academic Counseling programme is the school wide conference day, which was attended by approximately 90% of our parent/whanau community. These results are evidence of continuous improvement and significant value added for students. When students are engagement, they will make progress and this has been reflected in their achievement. 1 Outstanding Scholarship and 2 Scholarships were awarded.</p>
<p>Student Engagement</p>	<p>A number of strategies are in place to support student engagement:</p> <p>Student attendance is monitored using the KAMAR Student Management System. Daily texts are sent out to parents/caregivers on the first day students are absent without a reason being given. If no response is received a letter is sent home within one week. Attendance is followed up by sending letters to the homes of students who drop below 80% attendance. This is tracked through year group liaisons and weekly meetings with our Attendance Service. The Rock On Programme also operates and the committee meet once a month. A school wide 'lateness system' operates alongside these systems.</p> <p>Engagement reports operate across all year levels of the school. Parents/ Caregivers receive fortnightly reports on a scale of 1 to 3 highlighting how engaged their child is in their learning. This information is used school wide and is embedded in the Academic Counselling programme.</p> <p>Information relating to our students is gathered through such processes as; Year 9 entry interview, Year 9 Transition Survey, Academic Counselling, the perception survey, student committees and councils and from specifically identified and targeted groups as appropriate.</p>
<p>School Organisation and Structures</p>	<p>BOT will ensure that PHS works in an inclusive way to meet its obligations under the Treaty of Waitangi</p> <p>“Any practice, activity or decision shall be lawful, prudent, ethical and consistent with best educational practice”</p> <p>Emergency Principal Succession: In order to protect the board from sudden unavailability or loss of the Principal to the school, the Principal should have no fewer than two other senior managers sufficiently familiar with board and Principal issues, and processes to enable either of them to take over with reasonable proficiency as an interim successor.</p> <p>Health and Safety: Provide a safe physical and emotional environment for students and staff and recognise the need to provide a safe environment for others using the school. (NAG 5)</p> <p>Students and other learners: Develop and implement teaching and learning programmes as prescribed by the National Curriculum document with a focus on flexibility that ensures individual learning goals for all students. Ensure comprehensive assessment practices are in place to enable the progress and achievement of students to</p>

	<p>be evaluated. (NAG1)</p> <p>Communication and Support to the Board: The principal will ensure the board is informed and supported in its work. Information will be provided in a timely, accurate, relevant and understandable manner. Any actual or potential risks will be reported to the board in a timely manner. The principal will foster a good relationship with the board and support the boards' holism. (NAG 2)</p> <p>Asset Protection: Ensure on-going monitoring and the safety of school property and resources. Ensure any new development is in line with the schools goals and strategies, including maintenance, safety, security and appropriate risk management (including insurance). (NAG 4)</p> <p>Finance: Financial planning ensures that the allocation of funds reflects the school's priorities as stated in the charter. Expenditure of school funds will be monitored and controlled to ensure prevention of theft and fraud, waste and to maintain solvency. In particular:</p> <ul style="list-style-type: none"> •Reserves may not be used without the approval of the BOT •Protected funds may not be used for anything other than their purpose without prior approval from the BOT •Principals credit card and other unbudgeted expenses related to the Principal will be signed off at the BOT meetings •Financial delegations. (NAG 4) <p>Personnel: Be a good employer as defined in the State Sector Act 1988 and comply with the conditions contained in employment contracts applying to teaching and non-teaching staff. Provide a mutually supportive, development focussed learning environment that fosters collegiality to ensure best educational outcomes for our community. (NAG 3)</p>
<p>Review of Charter and Consultation</p>	<p>The Papanui High School charter will identify the mission, aims, objectives, directions and targets of the school, ratified by the Board of trustees, and will give effect to the Government's National Education Guidelines and the Board's priorities.</p> <p>The school consults with its school community on the development of the strategic plan. This consultation process takes place once every three years and is reviewed by the board annually. Where appropriate selected focus groups (e.g., Māori community, Pasifika community, parents of children with special needs) as identified by the boards annual review will be engaged in wider discussion.</p> <p>The current Strategic plan was formulated in 2016. The Education Review Office reviewed the school late 2014 and reported very positively in relation to the self-review processes. In light of the ERO review, the school</p>

undertook a full community consultation process in 2015 to review and reset the strategic direction for the next three years. Information is identified and gathered from the following sources:

SWOT ANALYSES

- Analyses of the Strengths, Weaknesses, Opportunities and Threats (SWOT) of Papanui High School were carried out with all staff, 60 randomly selected students, and the Parent Teacher Association.

PERCEPTION SURVEY

- A Perception Survey collecting feedback on the school's performance in a wide range of areas is conducted with all staff, all parents, and 150 students every 3 years.

BENCHMARK INDICATORS

- Annual Benchmark Indicators from the MOE give base-line data on achievement

CHANGE PROFILE

- The Change Profile is administered to all staff. The profile focussed on readiness for school improvement

RESEARCH

- Data gathered was supported by national and international research.

CHARTER

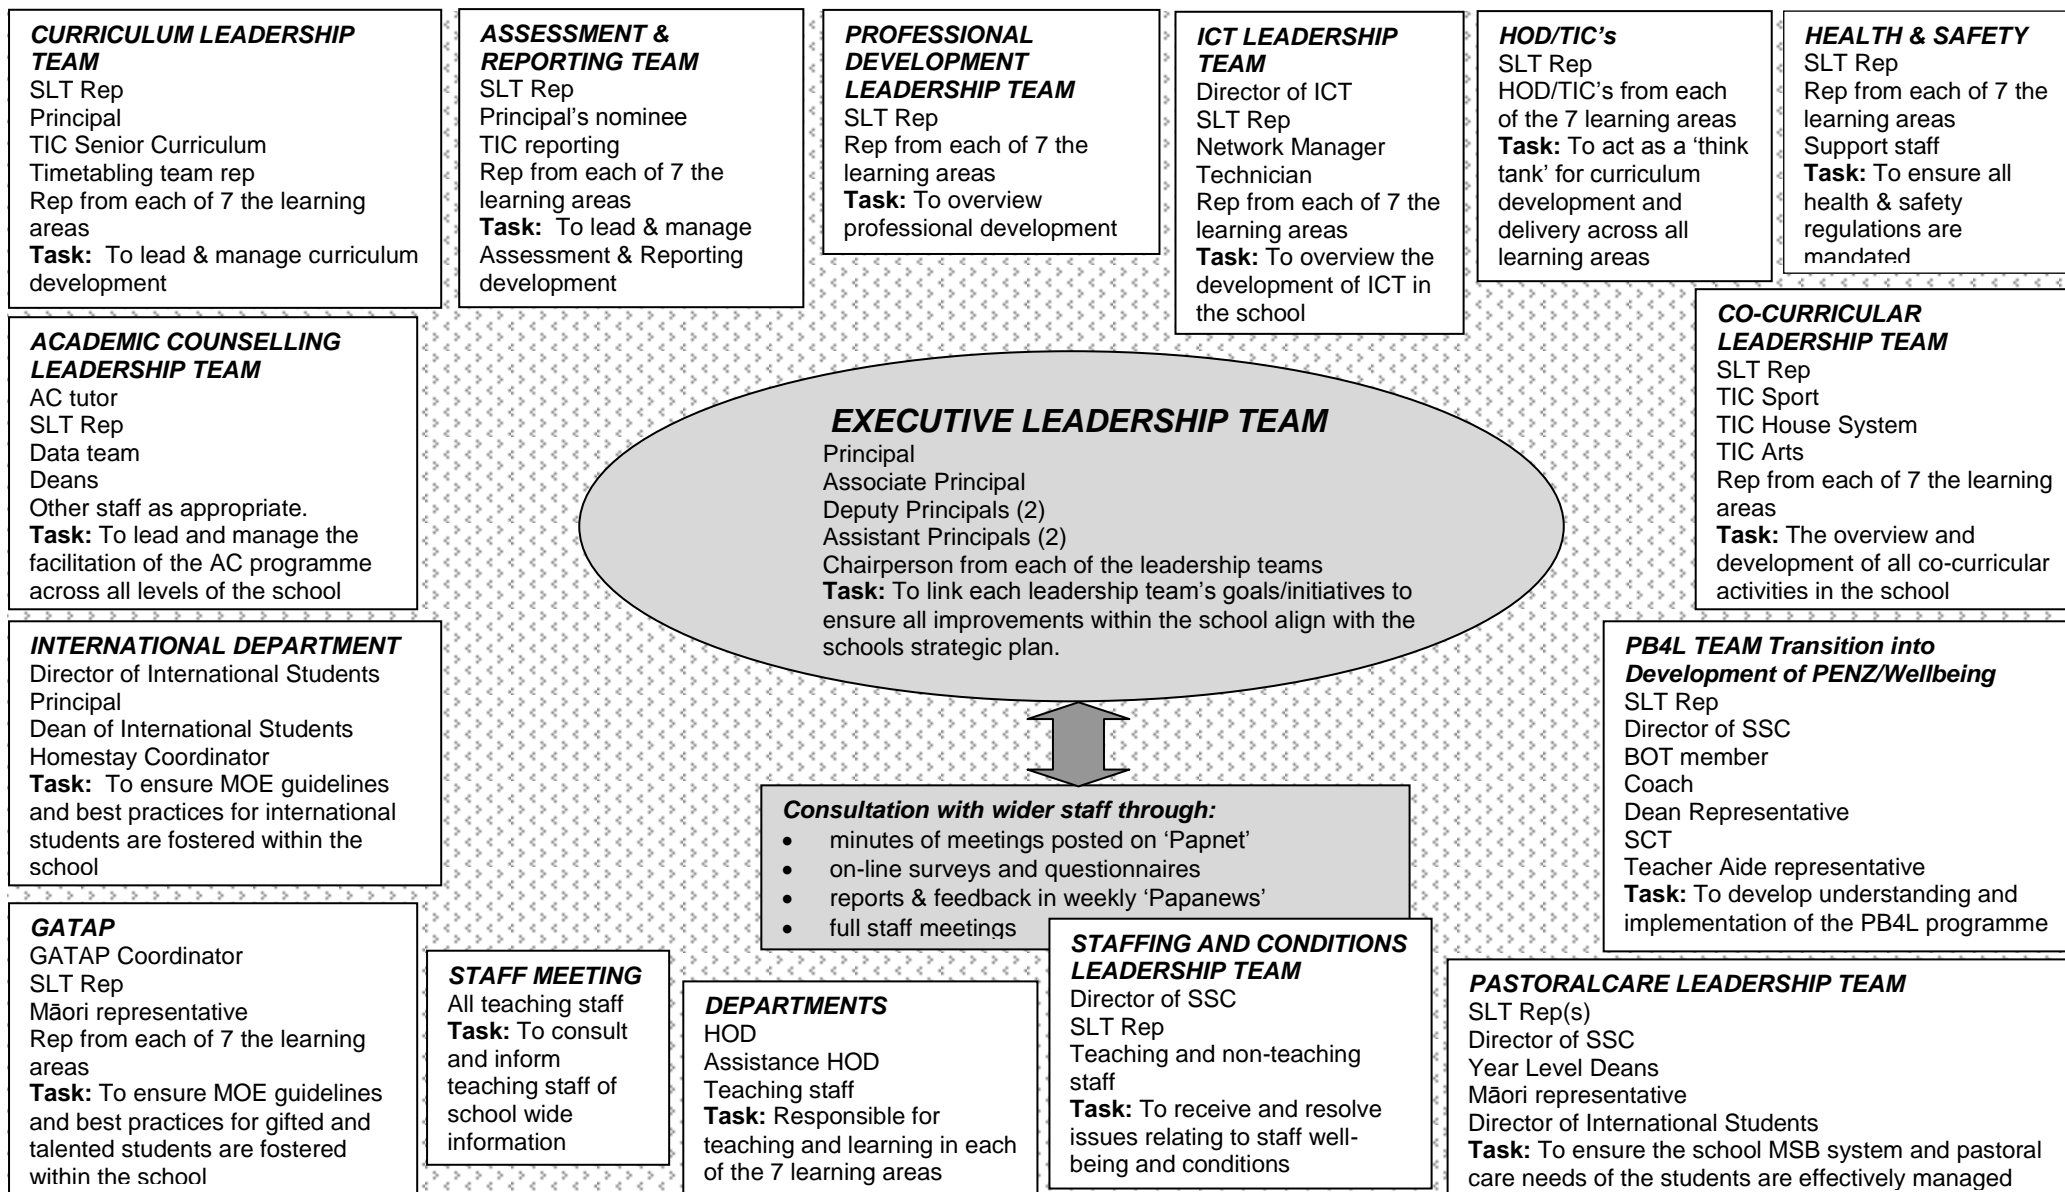

- The Strategic Plan reflects the school's obligations under the NEGs and NAGs which are contained in the school's Charter.

BOARD OF TRUSTEES

- Strategic perspective as governors of the school.

Annual school Improvement Plan BUSINESS AS USUAL – OVERVIEW

At Papanui High School we believe in shared values and vision, collective responsibility for students' learning, collaboration focused on learning (teachers' and students'), engagement with individual and collective professional learning, reflective personal inquiry, openness to and participation in networks and partnerships, experience of mutual trust, respect, and support.

PAPANUI HIGH SCHOOL – ANNUAL PLAN OVERVIEWS 2017

Papanui High School

Professional Learning and Development (PLD) Leadership Team

Business as usual

Take a leadership role in facilitating school wide and individual professional learning and development by:

- Providing 40 minutes of PLD time on Thursday mornings.
- Analysing the professional development needs of all staff and communicate any issues with the Senior Leadership Team (SLT).
- Developing strategies to meet the needs that have been identified by the staff and/or by the SLT.
- Facilitating school based PLD.
- Keeping staff informed of any relevant externally run courses and conferences.
- Distributing resources according to the PLD 2017 guidelines, recognising that the needs of individuals and departments vary from year to year.
- Seeking feedback from staff about the success of PLD and make amendments if necessary.

Plan an effective programme of teacher PLD by: <ul style="list-style-type: none">• Planning and co-ordinating PLD sessions throughout the year.• Providing opportunities for staff to attend individual external PLD.• Ensuring that all PLD is relevant to the IEL school focus diagram*.	PLD Team

*This incorporates improved academic and social outcomes in conjunction with pedagogy, best practice, data, academic counselling and reporting whilst functioning in a teaching and learning environment focussed on KEP, PB4L and e-learning and supported by inquiry practice.

Papanui High School

Curriculum Leadership Team

Business as usual:

The curriculum leadership team will...

- ensure curriculum design and delivery in the school dovetails with the direction informed by the strategic plan
- hold responsibility for new courses and their organisation (curriculum design). The team will work with departments to ensure courses meet student needs and where needs are not being met, suggest alternatives
- ensure ICT and pedagogy is continually addressed (delivered). A member of the ICT committee will be part of the curriculum leadership team
- circulate and discuss readings of current research and best practice to keep members of the team informed and up to date
- share best practice of curriculum design and delivery to staff through the Thursday PD slots
- annually review viability of courses and current practices and support departments as they accommodate both falling and rising student numbers
- use small action groups to further pursue/deliver/audit curriculum developments
- annually discuss with the timetable team any innovative timetabling arrangements for effective curriculum delivery/ trials for the following year
- further the cause of personalised learning
- attend to any other curriculum business as it arises

2017 Annual goals

Goals	Responsibility
<ul style="list-style-type: none"> • Grow Waitaha Inquiry – “What will teaching and learning look like for our Junior School in 2020? How can we ensure that our junior curriculum is meeting the needs of our students?” <p>The Grown Waitaha initiative will take the work completed in 2016 by the Curriculum Leadership Team sub-committees and bring it together to inform the above goal.</p>	Arl, Mcr, Frh, Ptc, Stl, Rvi
<ul style="list-style-type: none"> • Developing the curriculum to meet student needs. The Curriculum Leadership Team will actively work with departments and staff to put together a process that allows new courses to be introduced to PHS that meet current needs. 	Arl , Curriculum Leadership Team
<ul style="list-style-type: none"> • Innovative Curriculum. The Curriculum Leadership Team will constructively examine timetable requests and determine if the compromises these requests have brought about have been beneficial to improving student outcomes. Papanui High School

Assessment and Reporting Leadership Team

Business as usual

1. Reports

- Set up timelines and establish key dates
- Ensure communication of deadlines and expectations
- Ensure KAMAR is set up for staff
- Check and correct reports - quality control
- Distribution of reports to parents
- Provide a once fortnightly Engagement Report for all junior and senior students
- Research how improvements can be made by survey
- Liaise with Academic Counselling initiative to ensure sufficient and timely information is available to Form Teachers to generate meaningful goals and questions during student/teacher counselling sessions.

2. Assessment

- Liaise with PD/Curr/ Exec Man to see to what priority/extent assessment practice has in the bigger picture for the following year
- Ensure that staff are familiar with advances in assessment theory eg assessment for learning
- Provide a forum to describe changes in assessment practice
- Research changes through literature search or by visiting pillars of assessment practice
- Lead changes that are agreed through staff development
- Timetable for whole school assessments eg Formative assessments for externals
- Set up of end of year examinations and liaison with Examination manager

3. NCEA

- Provide support to the Principal's nominee regarding policy for NCEA at Papanui
- Be involved with the internal review of NCEA procedures at PHS
- To Audit departments on their Assessment practices in line with NZQA expectations
- Ensure that entries for senior end of year NCEA examinations are appropriate and aligned with the Academic Counselling for senior students.

2017 Annual Goals:

Goals	Responsibility
<ul style="list-style-type: none">To further refine the 'Formative Assessment for externals' during term 3. This is to encourage greater student productivity with regards to effective learning and preparation for NCEA achievement as well as supporting teaching staff well-being.	A & R cte
<ul style="list-style-type: none">To monitor and embed 'Real Time' reporting to ALL levels of the senior school (Y11-13) to ensure reporting requirements are being met.	A & R cte
<ul style="list-style-type: none">To further develop a quality assurance system for monitoring both engagement reports and written reports (mid/end year for juniors & real time for seniors) to ensure they meet best practice standards re: completion on time, consistency and quality.	A & R cte
<ul style="list-style-type: none">To explore ways of assessing & reporting against the 'Key Competencies'	A & R cte
<ul style="list-style-type: none">To implement recommendations from 2015 MNA to ensure appropriate systems are in place to meet NZQA requirements and for best assessment practices.	Hlg, Ata
<ul style="list-style-type: none">Review junior assessment practices/procedures across departments to check re: consistency, methods used, reporting grades/levels used.	A & R cte

Note: Students completing assessments at the end of the year during the catch up time need to be co-ordinated by AC & A & R committees. It was unclear who was overseeing this role this year. There is also concern about the integrity of the process where some students have chosen not to re-submit during the year & are now being offered further assessment opportunities in November.

Papanui High School

Professional Development Focus E-learning	All teachers will engage in a learning inquiry to further develop their understanding of their own digital technology needs and how they can utilise this in their classroom. This learning inquiry will be part of the wider school wide goals of increasing student engagement and achievement.	Teachers use appropriate technologies to enable a collaborative inquiry focussed approach. Schemes of work reflect the collaborative inquiry focussed approach and staff support each to achieve this by sharing best practice. Staff use the SAMR model to reflect where they are at in using e-learning pedagogies and as part of their inquiry and in collaboration with other staff incorporate increased e-learning into their practice	Blended student centered collaborative learning experiences based on evidence based inquiry will be evident. Sharing of best practice and student centered collaborative learning is embedded into department teaching and learning. 75% of teachers are using e-learning at the M and R levels of the SAMR model.	On-going analysis and modifications as required Expectation is that teachers are using e-learning at the M and R levels of the SAMR model. (Those that require further assistance will be supported by through department culture and a specialist in e-learning).

Goal 2

Improvement Plan - Domain: Learning Years 12 Engagement Goal

Strategic Goals:

Improve outcomes for all students, particularly Māori, Pasifika, and students with special needs.

To improve Year 12 student engagement to accelerate the progress of students performing below expectations (Building of longitudinal data, 2014)

Part Two: Engagement results at the end of Term 3 2016 will be analysed to see the correlation of engagement scores to NCEA Level 1 outcomes for 2014 cohort. (Data will reflect all students who were eligible to count through participation in NCEA level 1 only)

Annual Goal:

To improve student achievement, particularly for Maori, Pasifika and students with special needs by enhanced engagement of Year 12 students through appropriate class placement and learning programmes.

Annual Target:

For students in the target groups (Y12 students who were eligible for level 1 attainment) and;

- Did not pass level 1, 2016 and are predicted to not pass level 2 2017
- Did not pass level 1, 2016 and are predicted to pass level 2 2017

Goal 3

Improvement Plan - Transition Goal

Strategic aim: All students have a successful transition from traditional contributing schools and other providers to, through and beyond Papanui High School.

Annual aim: Monitor the 2016 contributing schools cohort into Year 9 2017 to track the effectiveness of data gathered, and the class placement process and implementation.

Target: To identify at risk students who are currently disengaged at contributing school who will transition into PHS as Year 9 students

That 95% of students from contributing school are appropriately placed into a Year 9 class, by academic and/or social criteria.

Look at the group and ask who is at risk

To identify individual students who were placed into a Year 9 class from a contributing school who are not appropriately placed by academic and/or social criteria.

1. Students identified and placed but required moving
2. Students identified and placed but not successfully transitioned and not moved
3. Students not identified and placed but required moving
4. Students not identified and placed but not successfully transitioned and not moved

Baseline data: To predict at risk/borderline decisions around Year 9 classroom placements. This data will be gathered by using information from contributing schools, including such things as RTLB, attendance data, Rock On, other agencies and pastoral data.
