

Principal's Perspective

This week sees us reach the half-way point through Term 2. Students and families will enjoy a timely break with the long weekend, including Teacher Only Day on Friday, and Queen's Birthday on Monday.

June also signals the start of winter, and I would encourage students to make sure they wear the appropriate school uniform, which includes the school jersey and the school jacket.

I would like to take this opportunity to remind our school community of our school values, which are reflected in the word '**PRIDE**':

- Be **P**ositive
- Be **R**espectful
- Show **I**ntegrity
- D**are to excel
- E**ngage in learning

We want all of our students to achieve to their potential, both academically and in their co-curricular activities, but we also want our students to be good people, who contribute positively to our community and to wider society. The key part of our role as educators is to prepare students for life beyond school, either pursuing further tertiary education, or in the workplace. Employers continually remind us of the key skills they are looking for when employing young people. The skills they list, and that they seek are: a positive attitude, the ability to communicate, being able to work as part of a team, self management, the willingness to learn, being resilient, and the ability to problem solve and make decisions. Developing these skills is a key part of what we do at Papanui High School, to prepare your child for life beyond school, and in the workforce.

Thank you for your ongoing support of Papanui High School, and I wish you well for the long weekend, and safe travels if you are heading away.

Acting Principal

Uniform

There has been a marked improvement of the wearing of the uniform recently, and we thank parents and caregivers for their support. With the colder weather now settling in, we ask that you please take the time to ensure that your children are wearing the correct uniform. We are noticing many students are choosing to wear hoodies under their school jackets, this is not the correct uniform and we would ask for your support in not letting these hoodies come to school. If, for some reason your child does not have correct uniform, please provide a note explaining why, so a uniform pass can be issued.

If there are difficulties with obtaining uniform items- please contact Ms Clissold.

Year 9

Year 9 is now half way through their second term, and there is a lot happening here at school.

Students are well underway with their winter sports, and competed in our Year 9 Cross Country last week.

At last week's Year 9 Assembly, we were fortunate to have a presentation by the 'Revolution Tour', and one of the many important messages taken on board, was one of 'Respect' for each other. We are looking forward to students taking part in, or contributing to, the 40 Hour Famine, of which many Year 9 students have signed up for. On Sunday the 18th of June is the Annual University of Canterbury Mud Run. So far there are fourteen teams entered from Papanui High School, and I wish everyone taking part in this good luck, as I am sure they will have heaps of fun.

Lastly, I would like to thank the large group of Year 9 students that volunteered to help at last week's 'Open Evening', an evening showcasing our school and staff, our facilities, and the chance for the community to 'taste' what Papanui has to offer. I hope you all have a safe and enjoyable Queen's birthday weekend.

Outdoor Education Emergency First Aid Care Trip

The Year 13 Outdoor Education class left a sunny Christchurch, to head to the misty hills of the Hawdon Valley for a three day course in Emergency Outdoor First Aid Care, an extension from their Outdoor First Aid course in Year 12. The students spent the days acting out scenarios that are likely to occur in the New Zealand Mountains (there were definitely some students who should be majoring in Drama after their performances!). The students took on leadership roles of the first responder, the first aider, the group help, and the person to call in for emergency services. Each scenario took around 40 minutes, with students having to care for their injured, sick, or critically injured patients until they recovered or were evacuated. Students learned how to call emergency services, how to relay information appropriately, and how to seek advice for their patient. This was an invaluable course, with skills students will be able to transfer into their everyday lives.
