

Principal's Perspective

On Friday, form teachers held Academic Counselling interviews focussed on students' academic progress to date in 2019. The interviews look at students' academic progress in their subjects and assessments, their academic goals for 2019, their career aspirations and intentions, and how they are managing themselves in terms of workload and other commitments. This process is part of the ongoing support for students, and builds into the Conference Day in Term 2, where there will be an opportunity to further discuss student progress with the support of family/whānau.

Parents and caregivers will receive further information about the Conference Day which will take place on Thursday 9th May, Week 2, Term 2. Please diary the date to ensure you put aside some time between 8.00am and 8.00pm to meet with your child's Academic Counsellor on the 9th May.

Monday night was the PTA's Annual General meeting, which included the election of the committee. Congratulations to Carolynne Som, who has been elected as President. Chris Mackintosh was elected Treasurer, Shirley-Ann Griffiths as Secretary, and Rose Foster the Vice President. Thank you to the parents/whānau who were present for this process to take place, and for their ongoing commitment and support of Papanui High School.

The annual Courtyard concert was held on Thursday night, showcasing our highly talented musicians. This was the first of a large number of performances that our students will participate in during the year. The evening was also an opportunity to launch the fundraising campaign to support the students' trip to Sydney in 2020.

As mentioned last week our teams did very well at Summer Tournament, including some outstanding successes. You can read a full report later in this newsletter.

Please note: Friday 12th April, will be the final day of a long and challenging term. The school will be closing at approximately 12.25pm.

Secondary School Network Consultation - Tuesday 9th April

Seven Christchurch co-educational state secondary schools are consulting on the development or amendment of an enrolment scheme in order to prevent overcrowding. The schools are: Burnside High School, Haeata Community Campus, Hillmorton High School, Linwood College, Mairehau High School, Riccarton High School, and Papanui High School.

More information on this process and an online survey to gather feedback can be found <http://shapingeducation.govt.nz/read-more-2/secondary-school-network-consultation> at: www.shapingeducation.govt.nz...

You can provide feedback through this [online survey](#) that will take approximately 15 minutes to complete, depending on how many schemes you wish to comment on. Before responding to the survey, please ensure you have read the FAQs and viewed the map(s) for any school(s) whose zone you wish to comment on. FAQs and viewed the map(s) for any school(s) whose zone you wish to comment on.

There are also public meetings to gather feedback: Our school is holding a public meeting on **Tuesday 9th April, from 7.00pm – 8.00pm in the school hall (please note this date has changed from previous publications, including the Ministry's communications.**

School Photos

Class and individual photo order forms have been distributed to form teachers and will be given to students over the next few form times.

As we are working with a new provider this year, photo orders will be different from previous years. Each student will have a unique identifier that will allow you to view, and order photos online.

A small number of envelopes are available in the student office for those that wish to order the photos manually.

The order form will look like this. →

Please note that the school's free delivery period expires at midnight on Sunday the 14th of April. Photos ordered within that time frame will be delivered to school and distributed. Photos ordered outside of that time frame will have an additional postage cost and will be posted home by Photolife.

Students Pitch in to help Plunket

The outdoor area of the Barrington Plunket Clinic has been refreshed with help from some of our Year 12 students and the University of Canterbury (UC) Student Volunteer Army (SVA).

In March, our students, alongside the UC SVA, and other Year 12's from local schools, took on the project as part of the SVA's Year 12 UCan programme. In a single morning the group painted fences and railings, and removed two trailer loads of waste and other items. A total of 320 kilograms of green waste was removed from the site – making a huge difference to the area available for development.

Rebecca Brundell, Plunket Community Support Coordinator said "The students on the SVA UCan programme have done an amazing job and I cannot thank them enough. We would certainly not be able to get projects like this done without their support."

The UCan Year 12 programme encourages local secondary students to become leaders in their communities through volunteering, while being mentored by SVA members. Along with getting out and making a difference in the community, the Year 12 students also got to learn more about the SVA, how it was founded, and the work it continues to do in the community. The students will also be challenged with coming up with a project idea that they would like to implement within their own school and/or community.

Measles Update

To keep you updated with news from the CDHB re the measles outbreak in Canterbury.

To help contain Canterbury's measles outbreak a wider group of people are now eligible to receive a second MMR vaccination.

As well continuing to provide the vaccine to those aged 12 months to 28 years old who have never been vaccinated, Canterbury DHB is extending the availability of a second dose of MMR vaccine to:

- all those aged 12 months – 28 years
- caregivers of infants aged up to 12 months
- those between 29 and 50 who work with children

Extending the second dose to these groups recognises the importance of stopping the transmission of measles amongst young people.

Please don't export measles these school holidays. The measles virus is incredibly infectious. If you are travelling these holiday's please make sure your tamariki are fully vaccinated before departing. It takes two weeks for a person to be fully immune after a vaccination, so please contact your GP team about vaccination as soon as you can.

More information on the measles can be found at www.cph.co.nz/news-events

Please find below the latest update from the CDHB

A Message from the Canterbury District Health Board

28 March 2019

Canterbury Measles Outbreak – Information for schools

Measles is spreading in Canterbury. It is a highly infectious virus that can be life threatening. Complications occur in about one in three people, and for them measles can be serious, even fatal.

What are the symptoms?

Measles symptoms are a:

1. Cough or runny nose or conjunctivitis **AND**
2. Fever above 38.5c **AND**
3. A rash

If you're unwell with measles-like symptoms, stay home and telephone your GP team for advice any time of day or night. Please do not go to your GP in person as you may spread the illness to others. Anyone with measles needs to be isolated from the time they become ill until 5 days after the rash has appeared.

Who is protected from measles?

People who have had two MMR vaccinations (typically given at 15 months and 4 years) are immune from measles. People born before 1969 will have been exposed to the measles virus and will have acquired immunity.

Those born between 1969 and 1990 are considered to have a good level of protection. This group were offered one measles vaccine and evidence suggests that one dose of MMR protects 95% of people from developing measles.

Who are the priorities for vaccination?

The most effective way to stop the spread of measles is to vaccinate those aged 12 months to 28 years who have never received the MMR vaccine.

To prevent the transmission of measles, and to protect those most at risk of developing serious complications from measles, from 28 March 2019 a wider group of people became eligible to receive a second MMR vaccine.

- all those aged 12 months - 28 years
- caregivers of infants aged up to 12 months
- those aged between 29 - 50 who work with children

What happens if there's been a case of measles in a school or early childhood education centre?

Most students in Canterbury have good immunity against measles.

If there is a confirmed case and a risk of transmission, health authorities will advise contacts of the case who are susceptible - including those who have never been vaccinated and those who have had only one vaccine - to stay away until they are given the all clear.

As a general rule, a contact is considered someone who has been in the same room as a confirmed measles case (while the case was infectious) up to one hour after the case was there.

Should students attend outside of school events?

Students who are feeling unwell with measles-like symptoms, or who are not fully vaccinated against the measles, should avoid events as there will be a risk of either catching or 'passing on' measles.

More information about measles is available at: <http://www.immune.org.nz>

Interschool Dressage Event

“Three Papanui High students entered as individuals in the Interschool’s Dressage equestrian event held at McLeans Island. All riders completed in two dressage tests during the day, and achieved good results in their classes. Caitlyn Ford competed with the school team for the first time coming 15th and 17th, Alyssa Harnett came 4th and 7th, and Caitlin Shrimpton was 6th and 9th. When you consider the classes have 25-30 riders they have done very well. We are all looking forward to the next event later in the year.”

Summer Tournament Week 2019

Four teams competed in the 2019 Summer Tournament Week. Our Premier Girls' Volleyball Team competed for the first time at the New Zealand Secondary Schools' Volleyball Championships in Palmerston North, the Senior B Girls' Volleyball Team competed in the Satellite Volleyball Championships here in Christchurch, the Girls' Waterpolo Team played in the South Island Secondary Schools' Waterpolo Championships in Christchurch, and the Boys' Softball Team competed in the South Island Secondary Schools' Softball Championships also here in Christchurch.

Results for each team as follows:

Premier Girls Volleyball Team – NZSS Championships

The Premier Volleyball Girls' team travelled up to Palmerston North to compete in the National Secondary Schools' Volleyball competition. The team: Holly Palmer, Izzy Orr, Mor Oajwajee, Kala Burgess, Hannah-Grace Horton, Kyra Elliott, Molly Smallman-Kitto, Sophie Wroth, Jessie Dalton, and Amber Wisenski, were accompanied by coaches Joel Martin and Fran Edmondson. Their first round started off great as they won all three of their pool games against Spotswood College, Te Aroha College, and Waiopahu.

“This put us first in our pool and meant we would be in Division 5. We knew our next games would be tougher but we stepped up the challenge and managed to win two out of our next three games, meaning we had made it to the quarter finals. We knew our quarter final against Waitara would be a challenge and we put up a good fight but unfortunately lost it in the fifth set of a nail-biting game. Although we were disappointed we hadn't reached our goal of top 4, we didn't let it dishearten us, and we won our next game against Naenae, which meant we would play off for 5th and 6th. This last game was really important for the Year 13ss Holly, Jessie, Mor, and Hannah as this would be our last ever volleyball game wearing the Papanui uniform. Although we lost, the team were extremely happy with the result of 6th place as this had been our first Nationals tournament and we were very proud to be representing Papanui. Overall, everyone had a fantastic time during the week filled with games, bonding, running laps (for missing our serves) and the social. We would like to thank Joel and Fran for their amazing hardwork and commitment to our team and Kirsten for organising this fantastic trip.”
