

Principal's Perspective

Kia ora,

I am hopeful that the long weekend provided students with a well timed break and an opportunity to recharge as we move into the final weeks of Term 2.

On Tuesday Deputy Principal, Mr Tim Kirby, took four members of the Service Council to Ronald McDonald House. The provision of service, and the contribution of fundraising are a very important component of what we do here. We are proud of the contribution we can make to support the wider community, and our commitment to such ventures as our ongoing sponsorship of the Teenager Room at Ronald McDonald House strongly endorses this. More information can be found on the following page following our recent meeting, which celebrated our annual \$10,000 donation.

At this week's combined assemblies, as part of our education programme, our guest speaker, School Community Officer, Loren Marley from NZ Police spoke to students regarding their rights and responsibilities under the Harmful Digital Communications Act, and advised as to what to do and where to go if they experience online harm.

This is a really important message for young adults in terms of the digital footprint that they might take with them as they transition from school to real life and what they can do to protect themselves and others.

Beyond the classroom this week, a large number of Year 12 students participated in the University of Canterbury Discovery day, and some Year 13 students have been away on Outdoor Education Camp with an article on the following page.

We wish good luck to three of our students who are competing in the Canterbury finals of Rock Quest over the weekend. There is also a Community Planting Day at Papanui Bush on Saturday from 9.00am until 12.30pm organized by former staff member Denis McMurtrie. The mayor will plant a Rimu coronation tree, there will be a sausage sizzle, entertainment by PHS musicians, and an opportunity for the community to help plant native plants.

Next week we are very excited that our school production Chicago (the High School Edition), will be performed from Tuesday 13th until Friday 16th. We hope that our community will take the opportunity to come and watch the show—please note that Friday is sold out. But ticket are available for the remaining three nights through the school's website. The link is www.papanui.school.nz/etickets

PLEASE NOTE: NATIONAL EXTENSION TO ROSTERING HOME

Pay and Conditions negotiations between the PPTA and the Ministry of Education have still not been settled. This means the industrial action has resumed including rostering home for **two year levels per day** will begin on Monday 12th June, and set to continue until the end of the term.

Week	Monday	Tuesday	Wednesday	Thursday

Ronald McDonald House

On Tuesday, Mr Kirby took 4 Service Council students (Lucas, Ailsa, Emily, and Maia) to Ronald McDonald House on Cashel Street. Readers will remember that we sponsor the Teenager Room there and that this is our major annual platinum sponsorship for a community programme. It is a tremendously worthwhile cause. The meeting, with Nadine the General Manager, celebrated our \$10,000 donation. It gave the students an update on the use of the facilities. After the tour the students had time there to reflect and consider the next steps for how our school could enhance the environment of the Teenager Room. There are lots of ideas for how we can continue to positively contribute. Please stay tuned for further announcements this year.

Outdoor Education - Out and About

This week Outdoor Education students were able to experience some authentic learning in and around Ōtautahi Christchurch and Waitaha Canterbury. Year 11 students looked at landforms to see the processes that shape and change the landscape. Year 10 students undertook pest plant control, set traps, and planted mānuka in the Craigieburn area as part of an ongoing Papanui regeneration effort.

Year 13 Outdoor Ed students spent three days at the Environmental Education centre near Craigieburn learning Outdoor First Aid and pre-hospital emergency care, working through realistic outdoor scenarios.

Students progressed quickly to being able to manage multi-patient scenarios and dealing with a variety of multi-faceted needs.
